Hey guys, I'm a girl.  
Figured it was only a matter of time,  
I just thought it would take more than a week after the snip.

Honestly, if you know me, you know what I have done for others. Ya'll do your thing!  
DM me for deets, if you want.

UPDATE: this person seems to think that blocking me, and deleting comments would erase them.  
They have also modified their FB page to change their image. Classic manipulation effort.

And now I guess I live on the "system" with no job? Makes me wonder why my office has over a dozen units. and how I could possibly afford to house and help those in need.

It's shameful that the child shows a higher level of cognitive and emotional intelligence than this person. She should be embarrassed about her lack of maturity, not showing it off. The mother and child are obviously lucky to have your support and protection from this person. No worries Ethan, everyone knows that you are an awesome person, and we all love you! 💜

ETHAN SHUT THE F UP!! You are interfering with a family WHICH YOU HAVE NO BUSINESS BEING IN!!!! TELL YOUR SO CALLED INTERNET FRIENDS THE TRUTH!!!

Ariel Spencer

Brenda Lee "So called internet friends"????? What does that even mean??

I actually went to school with all of them, sooooo, once again, you're absolutely wrong. Idk why you keep popping up on his posts. Do you think that I'm just NOT going to say something to you? Do you really, HONESTLY think that I'm going to allow a completely ignorant, vulgar, dumpster fire of a human (like yourself) to continue slandering some of the BEST people that I know in this world?

Short answer? Nope.

I suggest you look into a more fulfilling hobby. Like meditation or gardening. Because getting your ass dragged over and over again on Facebook is really starting to get embarrassing.

Happy Halloween

Brenda Lee we're all real life friends. Nice try.

This is what real friends look like.

We go to bat for each other.

You probably have no idea what that looks like considering you're a miserable old cocoo who has nothing better to do with their time.

That being said, how's it feel to be part of the generation that ruined our country?

The very same generation that keeps making laws about technology you don't know how to use.

Get off the Internet and go fuck yourself lady.

Nothing you're doing is going to make any difference in how things play out.

In fact, it looks much worse for your son's bitch ass who needs mommy/grandma to back him up.

Get a life. Get a job. Get the fuck out of other people's business.

Austin Neil

Brenda Lee we all know the truth because we have all been invested since the start.

Fuck with one, fuck with all.
