Anastia Can you define boundaries? Can YOU respect boundaries?
I'm not so surrrreeee.
I think you should take a long, hard look in the mirror before you start shit that you have absolutely no hope of finishing. ❤️

Ariel Spencer clearly, they don't respect boundaries I have set for myself, they don't like it. Then they go after my support system that has helped me this far.

Anastia Honey, I'm hooooommmeeee 🤍🤍🤍
Did you REALLY think that blocking me would get RID of me? Sweetheart , I live inside your soul now.
You'll never be rid of me 🤔
As long as you continue to attack people that I care about, I'll always be right here. Like a shadow. Watching and waiting.
You set the pace for OUR behavior. You keep acting like a fool? I'll keep acting like a fool in return.

Anastia Street justice, huh?? Is that a threat??? That sounds an AWFUL lot like a threat. In fact, that sounds an awful lot like a fucking threat that you directed at my little sister with your fucking "Street justice" bullshit.

Let me make this perfectly clear, you absolute fucking waste. Your little comment about street justice makes you look like a fucking joke. Street justice didn't do much to keep poor Danny boy from behind bars, did it? Nah, that was ACTUAL justice. With any luck, maybe he'll learn how to be an actual man behind those bars. Since his parents so obviously failed in raising him to be one.

Street justice. Street parenting.

Meet the consequences of your actions.

Anastia get outta here with your fake ass profile.

Scared ass.

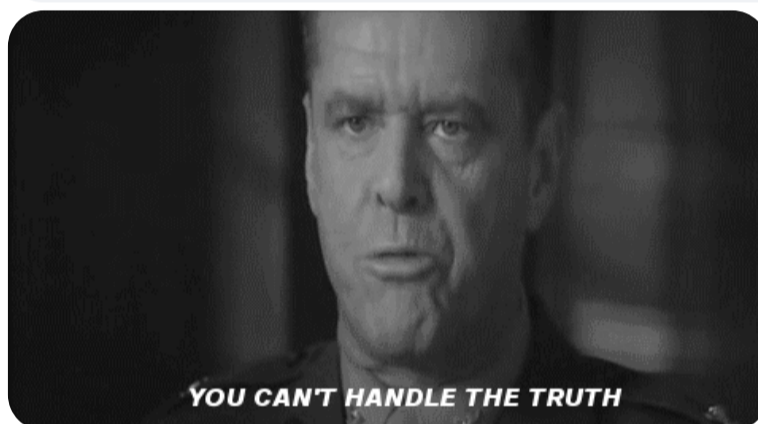

Hiding behind a username so you can't be called out.

The facts are simple.

You can not handle the truth.

The truth that you are delusional and toxic.

The fake profile and self prescribed "street justice" are all the proof anyone needs of that.

Anastia Au contraire, mon ami.

This has quite a bit to do with me now.

You threatened a member of my family with your uneducated, obviously intoxicated rant about "street justice". That means that it has EVERYTHING to do with me. Sorry about your fucking luck, drunk tank.

All you are is CAPITAL letters on a screen. You literally have no idea how to even pretend to be a halfway decent person, do you? Sad. If you knew how to be a decent person, maybe even a half ass okay mother, your son wouldn't be behind bars right now. He'd know how to be a man. He'd know how to treat a woman. He'd know how to be a father.

But, instead, he got stuck with a drunk mommy who doesn't have the capacity to understand what a fucking joke she is to LITERALLY hundreds of people. Put down the bottle. Go to fucking sleep. And maybe look up a self help book to read. You definitely need to find a less self destructive hobby.

Anastia Brenda, Brenda, Brenda. You didn't even tag me in that one. For all your claims of not being scared, that seemed pretty cowardly to me.

If you want to continue to threaten me, I will gladly take the legal route here. You wanna see if they'll let you share a cell with your disappointment? That's exactly where you're headed. You might think you're still able to "throw hands", but I'm an actual adult. ❤️

Your claims that "you aren't the one" are adorable. Is that supposed to scare me, Brenda? All you are is an old, drunk hag that failed at being a mother. You don't even exist to me outside of being able to put you in your place when you decide to act like a fool on Facebook. You're a joke. You always will be. And it's fucking sad. All that human potential and it was completely wasted on you and your son.

There is a fake profile in this comment section that is sending quite poorly worded threats directly to people we know.
This "person" has also blocked a few people already for speaking up.
Seems like they want the attention, but not the reaction. Interesting.

Anastia I CAN TYPE IN ALL CAPITAL LETTERS TO MAKE MYSELF LOOK AGGRESSIVE AND UNCONTROLLABLE TOO!!! THIS IS HOW I KNOW THAT YOU'RE JUST A FUCKING BOOMER WITH NO CONCEPT OF REAL LIFE.

Hmm. Annoying, huh? To have someone keep commenting on stuff, calling you out, making fun of you, etc. I understand. If I had the IQ of a jar of mayonnaise, I'd be upset too. Listen Linda, I mean, BRENDA, we all know it's you. We're smarter than the average bear, sugar pie. You're making yourself look like such a raging joke by keeping this going. And the worst part is, it's not a 'funny' joke. You're like a sickly, diseased animal that's twitching on the side of the road after it's been run over by a Ford Focus. We have some sympathy for you, but ultimately it's your own fault that you got hit by a Ford Focus to begin with. If only you'd have stayed out of the middle of the fucking highway.
